ARAVEST

PRIVATE & CONFIDENTIAL · BOARD STRATEGY DISCUSSION PAPER

Aravest's *Next Phase*

Building the post-SMFL record into repeatable third-party capital formation and sustainable AUM growth.

Aravest Pte Ltd · August 2026

Chapter I

Institutional Foundation

The institution Aravest is building and the principles that govern every investment.

The Aravest Way defines how Aravest behaves, invests and creates value.

OUR FIRST PRINCIPLE

Investment management is a responsibility before it is a business.

EXCELLENCE

Quality of thinking

Disciplined analysis, preparation, execution and communication.

TRUST

How we behave

Integrity, transparency and fairness — especially when circumstances are difficult.

ACCOUNTABILITY

How we take ownership

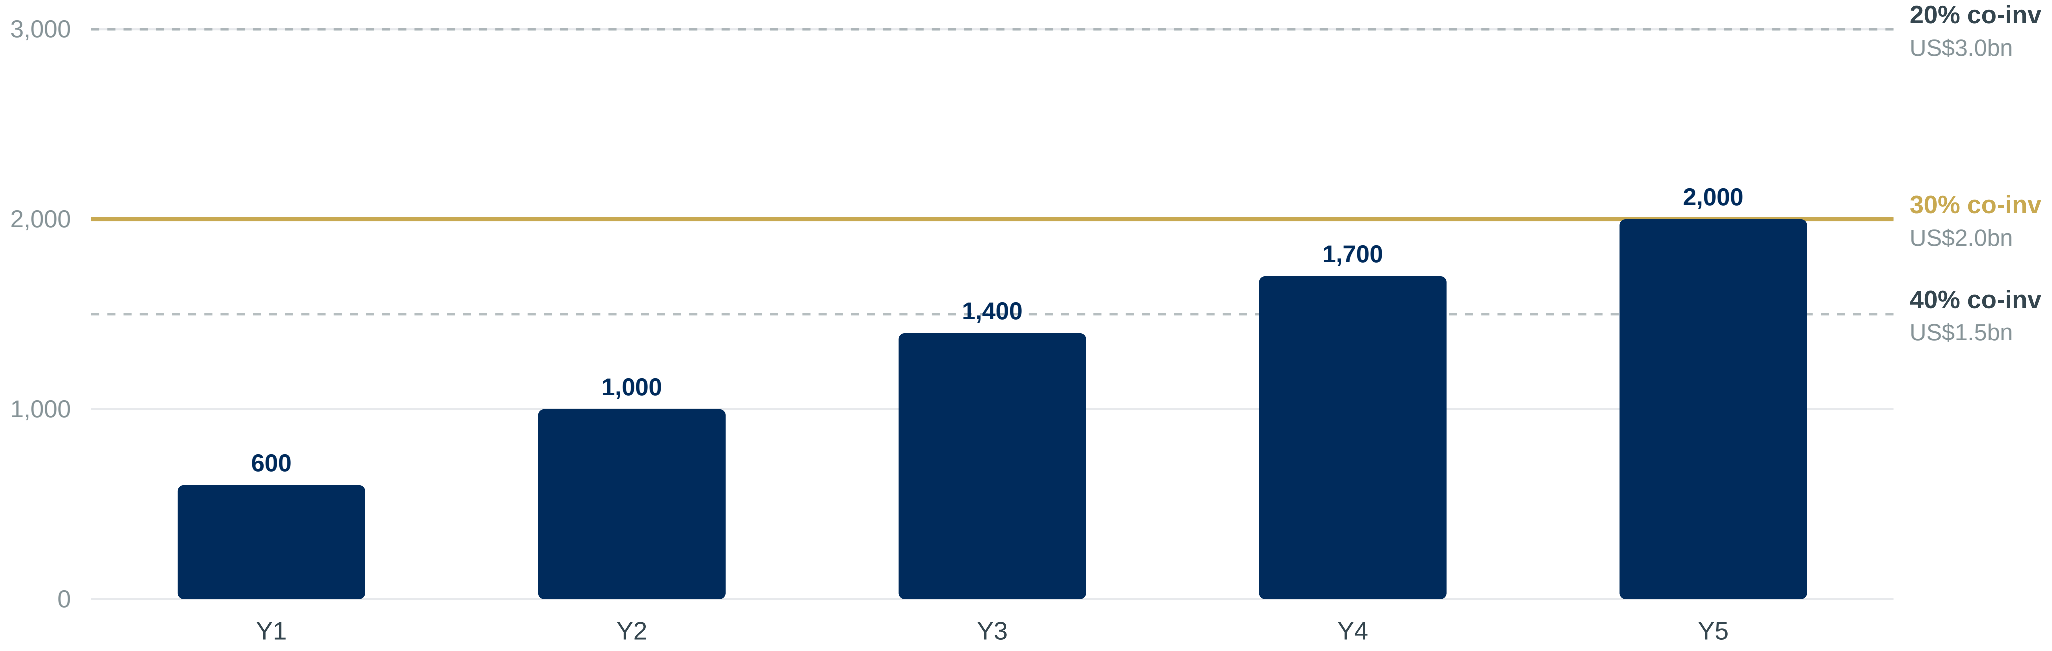
Ownership of decisions, risks and outcomes through the full lifecycle.

THE INVESTMENT PHILOSOPHY — HOW THE VALUES ARE APPLIED

Recognising Value	Identify a genuine value gap and a responsible route to realise it.
Partnership	Define Aravest’s role and secure the complementary capabilities required.
Stewardship of Capital	Protect and create value through the full lifecycle.
Risk & Resilience	Accept risk deliberately, build resilience and adapt when facts change.
Fit for Purpose	Keep the principles constant while tailoring each structure and strategy.

05 · HOW AUM BUILDS OVER TIME

The first five years build toward the 30% co-investment capacity; the track record then sets the level.



Assumes US$300m sponsor capital, 50% project-level LTV, full redeployment of released capital and no valuation, FX, fee or disposal effects. **Illustrative only; not a forecast.**

The US$300m is deployed across the transaction set, then recycled through targeted sell-downs.

Transaction	Status	Aravest capital	AUM	Initial co-inv.	To recycle	Post-recycle
Conrad Seoul	Acquired · M&G in discussion	45.0	350	29.8%	30.0	10.0%
345 Queen Street	Acquired / funded	10.0	315	12.0%	—	12.0%
SAREC	Committed	50.0	165	30.3%	—	30.3%
Robin	Committed	16.0	34	100.0%	—	100.0%
ARA-NH Domestic Fund	Committed	16.0	326	12.8%	—	12.8%
Project Eagles	PDM approved	33.0	72	100.0%	26.4	20.0%
Project Falcon	Priority	100.0	730	33.0%	50.0	16.7%
Project Guardians	PDM approved	100.0	340	60.0%	50.0	30.0%
Project Braves	Priority	25.0	144	40.0%	—	40.0%
Project Slingers	Priority / preliminary	150.0	468	50.0%	50.0	16.7%
Current transaction set		**545.0**	**2,944**	**c.47%**	**206.4**	**c.19%**

US$300m SMFL support + US$251.7m completed and planned recycling = US$551.7m capacity for US$545m of requirements. Each transaction remains subject to standalone underwriting and approval. Amounts in US$m.

08 · OFFICE · SCALE ACCELERATION

Marina One can create a major institutional office proof point.

PROJECT FALCON · MARINA ONE

Potential joint venture with Hongkong Land

A landmark integrated development in Singapore's Marina Bay CBD, anchored by two prime Grade-A office towers of approximately 1.88 million sq ft and a retail podium.

Strategic role. Create a major post-SMFL proof point in an established sector; demonstrate the ability to execute and manage an institutional-quality Singapore office investment; add material AUM; and deepen a strategic partnership with an established owner-operator.

Governance. Any capital commitment will be presented separately to the Board and remain subject to the agreed approval process.
